

STRATEGIC PLAN 2023 - 2026

VISION	To prepare people to continuously develop as learners and responsible global citizens that positively act and impact an ever changing world			
MISSION	To provide a safe, welcoming and effective learning environment - in which everyone is valued and respected - that empowers people to: develop to their full potential, pursue their passions and achieve their goals.			
VALUES	Respect/ Collaboration / Responsibility / Confidence / Knowledge / Empathy			
Strategic Areas	HEALTHY, SAFE AND WELCOMING LEARNING ENVIRONMENT	LEARNING AND STUDENT GROWTH	COMMUNITY ENGAGEMENT	LEADERSHIP AND MANAGEMENT
Goals	Cultivate a school environment where everyone (students, teachers, staff, and parents) respects and feels respected and valued	Enhance the student assessment system to guide learning and provide information on students' academic growth	Expand community understanding of school policies, learning expectations, programs and support services offered to students.	Providing professional learning for teachers and staff teams aligned with the new institutional guidelines and goals.
	Prepare the student to engage and positively impact a constantly changing world	Create a culture for students to develop autonomy and take responsibility for their own growth.	Expand the opportunities for student participation in academic, cultural, sports, and community service activities, both within and beyond the school community.	Communicate institutional expectations to stakeholders in a clear and consistent manner
	Promote a school environment where everyone feels included, welcomed and belonging to the educational space.	Ensuring an equitable learning environment for students to develop their full potential.	Engaging families as active participants in the learning process and comprehensive development of their children.	Ensure alignment of the pedagogical approach for all school divisions.
	Provide a physically and emotionally safe school environment.	Ensure a learning environment characterized by high expectations and student-centered practices	Increase opportunities for students and teachers to contribute to everyday school matters	Cultivate and sustain a culture that demonstrates respect, fairness, equity and inclusion, that is free of prejudice and bias.
